Healthcare business development | Clinical AI and diagnostics | Medical devices

SUMMARY

Healthcare commercial leader who launches new clinical technology and builds the teams and channels that sell it. In 2026 launched an AI-interpreted post-operative diagnostic across nine Western states, selling to surgeons, quality leaders and service-line executives and building a pipeline of more than 150 surgeons and hospitals from zero. As COO of a $20M CLIA laboratory led 34 people and won more than $20M in government contracts. Ran national orthopedic sales through four area managers, grew the team from 6 reps to 22 and doubled revenue. Builds working healthcare AI tools, including a public CMS episode calculator, at jaybeatty.com.

CORE COMPETENCIES

Health system and IDN sales · Clinical AI adoption · Diagnostics and lab operations · Medical device launches · Distributor and channel building · Sales team leadership · Government and VA contracting · Payer contracting · Value analysis and committees

PROFESSIONAL EXPERIENCE

Fractional VP, Business Development

JAB Industries LLC · Jan 2024 to present

Fractional business development for healthcare and benefits companies. Also built and published healthcare AI tools, including the CMS TEAM Episode Calculator and the Biologics Atlas (jaybeatty.com).

SurgeCare / PreCyte, West Coast Business Development Manager — May 2026 to Oct 2026

Also titled Institutional Partnership Director for hospital, lab and surgeon engagements. Venture-backed surgical diagnostics company; AI-interpreted post-operative blood test that predicts complications up to 30 days out. Launched the diagnostic to orthopedic and oncology surgeons, hospital quality leaders and service-line executives across nine Western states, building a pipeline of more than 150 surgeons and hospitals from zero. Sold clinical value to surgeons and episode economics to hospital leadership under CMS's mandatory TEAM bundled-payment model, turning complication-risk data into a cost-per-episode business case. Opened conversations at UCLA, UCSD, Cedars-Sinai and VA systems by working through independent orthopedic reps and distributor principals rather than cold inbound.

Pulse 365 Wellness, Director of Business Development — Jan 2024 to present

Built the CPA, payroll, PEO and benefits-broker referral channel for an employer health program from zero; wrote the employer and partner materials, including a CPE course for CPAs delivered by the program's ERISA counsel.

Advantify, No Surprises Act revenue recovery — Jan 2026 to present

Bring independent, physician-owned emergency medicine and radiology groups to an automated IDR arbitration service; built a 67-group target list from Strategic Radiology and AAEM membership and sell to owners, CFOs and revenue-cycle leaders.

NQP Consulting, non-qualified deferred compensation — Jan 2026 to present

Sell selective deferred comp and SERP plans that help companies keep their top 1099 producers; built a national pool of 940 owner-operated real estate brokerages and run outreach to broker-owners and CEOs, with an ERISA attorney on plan design.

Chief Operating Officer Advanced Testing in Clinical Genetics (ATCG), Irvine, CA · Jul 2019 to Jan 2026

CLIA high-complexity clinical laboratory (molecular, genetics, toxicology). Ran the company day to day, reporting only to the executive team: sales, laboratory operations, IT, finance, marketing, compliance and government contracts.

- Led four department heads (clinical laboratory scientist, lead technologist, sales, marketing), each with their own direct reports, 34 staff in all; grew the laboratory to $20M in annual revenue and managed an operating budget of roughly $1M per month.
- Won the City of Denver community testing contract from the State of Colorado, then a statewide long-term-care program that expanded from 47 facilities to more than 80, every site onboarded within 30 days; more than $20M in government contract wins.
- Negotiated payer contracts, reference-lab partnerships and reagent pricing (30% cost reduction); expanded service from California and Colorado into nine additional states.

National Director of Sales Specialized Orthopedic Solutions, Chatsworth, CA · Jul 2013 to Jul 2019

Orthopedic device and biologics company that also carried DME and pharmaceutical lines, selling through direct reps and independent distributors.

- Led the national sales organization through 4 area managers, their territory managers, patient support coordinators and channel partners; built it from 6 representatives in Southern California to 22 nationwide and doubled revenue from about $2M to $4M, opening Texas, Illinois, Pennsylvania and Arizona.
- Hired and developed the area managers, wrote the account-planning and funnel playbook they ran with their teams, and held weekly forecast and pipeline reviews; grew company sales roughly 30% year over year from 2015 to 2017.
- Managed the contract and sales relationship for every VA facility in Southern California and integrated the company with the Kerlan-Jobe fellowship program.

Regional Sales Manager, West Olympus Biotech Corporation · May 2010 to May 2013

Manufacturer of OP-1 (BMP-7), a Class III orthobiologic under a Humanitarian Device Exemption requiring IRB oversight at each hospital.

- Launched OP-1 across the Western US one site at a time: IRB submission and approval, value analysis, purchasing setup and surgeon training at each hospital before first use; ranked #1 company-wide in new IRB approvals.
- Grew the region from $12K to $100K per month and was promoted to Regional Manager; hired and managed direct sales leaders, each running channel partners and distributors; opened Cedars-Sinai, Loma Linda and UCSD through surgeons, value analysis committees and supply chain.

Territory Manager Team Surgical / Innovative Medical, Inc., Ventura, CA · Jul 2005 to May 2010

Orthopedic distributorship for Arthrex, Biomet Sports Medicine, Exactech, Biomet Biologics, DonJoy, RTI, LifeNet, CryoLife and Arthrosurface.

- Covered thousands of shoulder, knee and arthroscopic cases in the OR; sold Arthrex, the sports medicine market leader, then took Biomet Sports Medicine into a territory where it had no market share and earned Biomet sales volume awards.
- Named Biomet Biologics Rep of the Year; promoted to Territory Manager within five months and managed territory managers and their sales associates and service coordinators while growing my own territory 50 to 100 percent year over year.
